	<u>Introduction</u>
Enhancing creativity and excellence of school Sports and promoting school sports in Qatar by working on their development according to the best world standards in order to achieve their objectives, philosophy and to work to develop and update their role as an integrated system	<p>The Schools Olympic Program formed an important event in the State of Qatar which echoed abroad. The International Olympic Committee commended the program and called dissemination of such an experiment in various countries.</p> <p>This initiative is an affirmation of our interest in our students in all age groups, thus, confirming the values of the strategic partnership between the Qatar Olympic Committee and the Ministry of Education and Higher Education in caring for the children and raising them psychologically, in good health and in good emotional, social and cultural states.</p> <p>Our wise and rational leadership has paid great attention to this aspect, which provides all requisites for success of the Schools Olympic Program at all arenas and levels established by Doha, providing outstanding achievements for Qatari Sport.</p> <p>We, the organizing committee of the program, aspire to further progress after we have seen positive reactions that show encouraging results that the Qatari Sports has witnessed a clear development and has achieved many sport gains in recent years in most collective and individual sports. This leads to promotion of the school sports in the State of Qatar through working on their development by sports projects, programs and activities and working on their dissemination and raising their technical level by achievement and laying the cornerstone of the national project for school sports development and upgrading their role as an integrated system which includes objectives, contents, techniques and the related aids and tools to be distributed to all educational institutions in the State.</p>

	<u>Summary</u>
We seek to raise awareness of the importance of school sports within an attractive and stimulating environment for male and female students in state schools, in order to establish a sports culture, by preparing and qualifying national readers to provide the best programs and projects necessary for achievement of the above	<p>The School Olympic Program aims mainly at promoting school sports in Qatar, by developing school sports activities according to the best international standards and following them in reality for achievement of the goals and the philosophy and organization, coordination and execution of sports projects, programs and activities between (the State's Schools) and working upon their dissemination and raising of their technical level, by achievement and establishment of the cornerstone of school sports development and advancement and working upon establishment and upgrading of the role of school sports as an integrated system which includes the objectives, the content and the associated aids and tools to be disseminated to all educational institutions in the State.</p> <p>Raising awareness of the importance of physical education and sport, introducing the principles of Olympic movement, raising the level of sports and health culture among the male and female students, using education as a means for exercising sports activities in order to develop sports spirit and to introduce the contemporary world trends to those working in the fields of physical education and sports and to pave their ways in order to cope with the modern developments in the field.</p> <p>In its 12th edition, the program recorded a qualitative leap in terms of the number of schools that actually participated in competitions, as follows:</p> <ul style="list-style-type: none"> • The total number of public schools that participated in the program reached (333) schools for boys and girls from among the State public and private schools for both boys and girls.

Opening at Tareq Bin Ziyad Secondary School

The 12th edition of the program was launched from Tareq bin Ziyad Secondary School on 16 October 2018, in presence of senior officials from the Ministry of Education and Higher Education and the Qatari Olympic Committee in three sports (Football/ Volleyball/ Ping Pong).

The idea of opening was proposed by an educational institution and was an indication and an emphasis on the importance of involving educational institutions to host the program activities.

Activation of partnership with aspire and the Qatar Footballs Association (Development Committee)

The 12th edition of the program was practically activated among the organizing committee of the program, Aspire Academy and the development committee at Qatar Football Association. All the partners provided all the potentials available for the football competitions, to provide an attractive environment for participants to reveal their maximum physical and professional abilities. Aspire Stadiums and the technical cadre of the academy contributed in working upon discovery of several talents for the benefit of the academy and the clubs.
